Malathi's 30-Day Content Plan (v2)

Miss South India 2026 · Village to crown · Real life, real stories

> **Idea:** your story is the heart of the page, not every post. People follow you for the fun, the looks and the honesty, then stay because of the story. So only 6 of 30 days tell your story, and 2 of those are told inside a GRWM.

Your 7 content series

Series	What it is
GRWM + Story Time	Tell your story while getting ready. Viewers stay for the makeup and learn about you. This is how story time stays fun.
Try It With Malathi	You try something new each time and explain it honestly (horse riding, food, dance, cooking). Your 27K Reel was this type.
Product Talk (Honest)	Budget-friendly makeup and skincare, with rupee prices. Your own budgeting story makes this believable.
Day In My Life	Relaxed, real, with your parents, friends and creator work.
Pageant Secrets	Your special advantage. No one else in your audience has this.
Story Time (short)	Only 4 in 30 days. Keep them to 30-60 sec so they stay special.
Fun / Trend	Relatable humor, saree and cricket moments, trending Tamil audio.

Giving each format a name makes followers come back for it ("it's GRWM day!"). Use the same name and cover style each time.

Weekly rhythm (6 posts, 1 rest day)

GRWM or Story → Try it → Product talk → Day in my life or Pageant secrets → Short story → Fun / trend → Rest (Stories only).

Audience-first rules

- **Hook in 2 seconds**, on screen and spoken. Never start with "Hi guys".
- **Tanglish** (Tamil + English) with subtitles. It feels natural and reaches more people.
- **Make every Reel useful or fun**: teach, show, laugh or feel something.
- **Show real prices and honest opinions** in product talk. Trust brings brand deals later.
- **Use trending audio** for Fun and Try-it Reels; use your own voice for story Reels.
- **Keep a consistent look**: similar cover style, colors and font so the grid looks like one page.
- **Post at the same time**, around 7-9 p.m., and test it.
- **Use Stories daily**: polls, "this or that", question box. They warm up the audience for your Reels.
- **Reply to every comment in the first hour** and ask one question at the end of each Reel.
- Add 1 carousel a week (your look, product list or tips). They get saves.
- Ask Ben and your parents before sharing their stories.

Track every week

- Saves and shares per Reel (more important than likes).
- Where people stop watching; if they leave in the first 3 seconds, change the hook.
- Which series performs best. After week 2, make more of it.

Growth without boosting

Your older account reached 9K through paid boosts but didn't engage. Skip boosting for now. Grow with series people come back for, collabs with creators of similar size, and consistent posting. Once you have a steady 10K, brand collaborations (makeup, sarees, local businesses) become realistic.

Do first

1. Update your bio: "Miss South India 2026 | GRWM · Try-its · Honest product talk".
2. Record Day 1 (GRWM intro) and Day 3 (₹500 makeup kit) this week.

3. Pin 3 Reels: Day 1, the Day 5 bridge story, and your horse Reel.
